The Basilica of Our Lady of the Guard - Marseilles

The Virgin of Notre Dame de la Garde, the "Good Mother", is, among all the others, the symbolic image of the city of Marseille. Visible from the four corners of the city, for 800 years, the Notre-Dame chapel has been the guardian of sailors, fishermen and Marseille residents.

Today, at a time when Marseille is projecting itself into its future, Notre-Dame de la Garde will continue to watch over us and the Mediterranean Sea, as it has always done until now.

A listed site since 1917 and the most visited monument in Marseille, hundreds of thousands of tourists come to the Basilica of Notre Dame de la Garde, if only to admire the incredible 360° panorama of Marseille and the Mediterranean Sea...
